The Sheriff's Office community programs work closely with community leaders, community groups, business owners, and residents to keep vandalism related crimes low.

Truancy and probation statistics have also shown a relatively low number of cases.

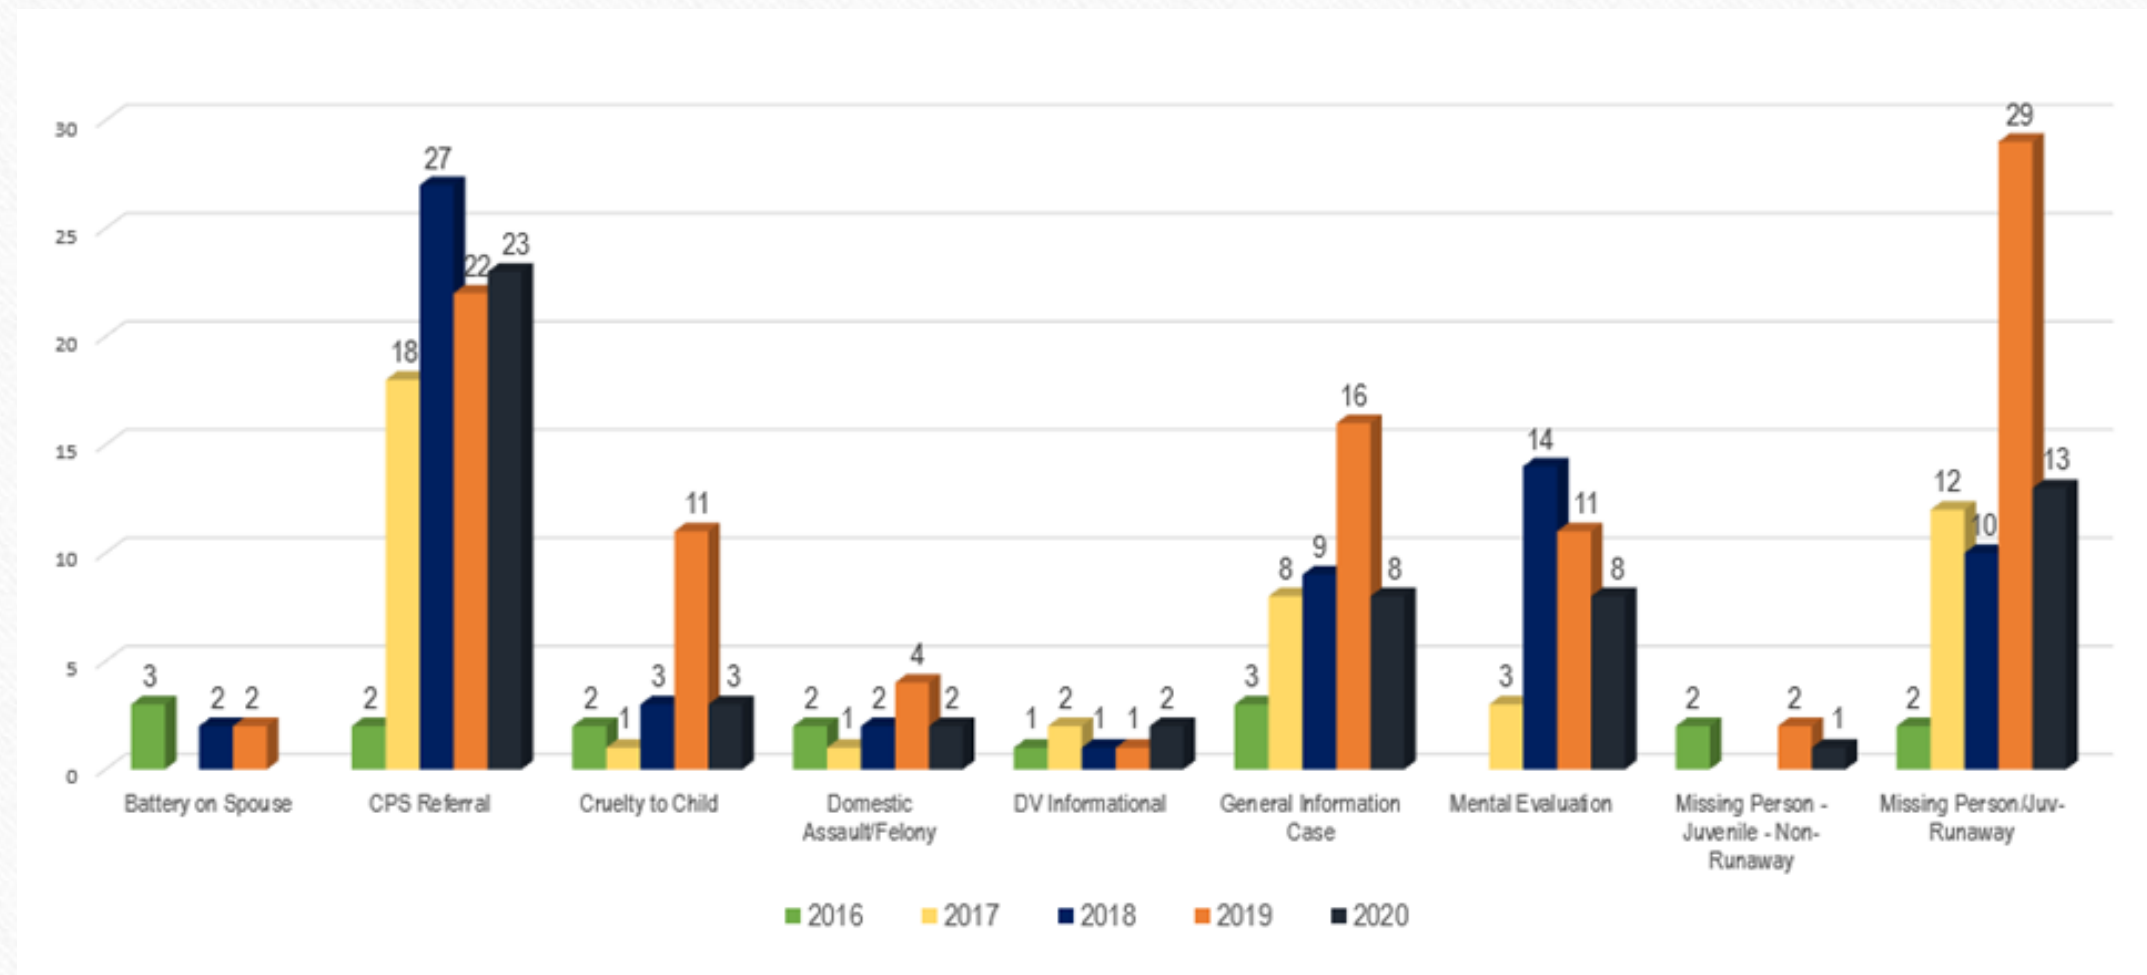

DIVERSION

The Sheriff's Office is committed to providing programs focusing on steering juveniles away from criminal behavior.

These diversion efforts are the main reason for the relatively low juvenile crime rates in the area. In 2020, these efforts include 52 diversion cases, 58 tattoo removals and 23 crisis intervention cases.

OTHER JUVENILE INVOLVED CRIMES

This chart shows crimes that juveniles have been exposed to or that have potential influence on their well-being or mental health.

The Community Alliance to Revitalized Our Neighborhood program (CARON) is working with the community and community organizations to continue to offer programs that address this issues.

THANK YOU!
